

INFANT SEATS

The following is a selection of better known infant car seats and how they compare on features:

KEY

SIDE IMPACT: Does the seat have side-impact protection?

FOAM TYPE: Does the seat have a EPS or EPP foam (or none at all)? This is for crash protection; EPP foam is softer (more comfortable) than EPS.

LEVEL IND.: Does the seat have a level indicator for easier installation?

CARRIER WEIGHT: This is the weight of the carrier only (not the base).

MAKER	MODEL	PRICE	WEIGHT/ HEIGHT LIMITS	SIDE IMPACT	LEVEL IND.	FOAM TYPE	BASE WIDTH	CARRIER WEIGHT	OUR RATING
BABY JOGGER	CITY GO	\$230	35 LBS./32" *	◆	◆	EPS	--	10.4 LBS.	NOT YET
